

Silva® Care

Product Range

Silvalea Ltd, a division of  **savaria.**

Since 1993, Silvalea has been at the forefront of the patient sling market, designing and manufacturing a wide portfolio of transfer solutions. Our speciality is our complex patient transfer slings and in-situ slings, as well as providing a range of everyday standard slings, transfer accessories and stand-assist transfer products. The comprehensive offerings of Silvalea are founded in over 30 years of innovation in fabric and design with both caregiver and patient in mind.

Today, Silvalea is proudly part of the Savaria Corporation with North American distribution of its products through the Savaria group of companies.

Whether the need is complex or an off-the-shelf sling, Silvalea has a solution. Now, Silvalea are delighted to be able to offer the new Silva® Care range featuring the *Air Comfort V2* chair and accessories.

Silva® Care

Silva® Care by Silvalea is our new home of high-end equipment distributed exclusively by Silvalea to compliment our patient handling sling portfolio.

The equipment chosen will be in line with our highest standards of quality and our internal technical team will ensure all guidelines in manufacturing and design are met, giving peace of mind to our global distribution partners and patients.

This new range of complimentary equipment will be formed over the coming years as we source and develop the best possible solutions for our partners throughout the world.

30 YEARS

Hoists by Savaria

Designed by long time industry experts, our R&D team knew that we could make a better product by looking at the details and questioning how to improve everything.

Savaria hoists offer faster lift speeds, are powerfully light—up to 35% lighter than leading competitors—and incredibly strong.

The SureClip system by Savaria opens out providing a more foolproof method of securing a sling to the portable hoist or spreader bar of the fixed hoist. A simple, but powerful detail for added safety.

Our hoists and controls are intuitive from the first touch with simple, clear buttons to move the lift up, down or side to side. Without extraneous electronics to break down or cause user confusion, the hoist elegantly and reliably performs its tasks.

For more information on the products featured on this page, please visit our website or contact us using the details below.

Slings

Silvalea offers a range of slings designed for different hoist models and patient needs.

Our Loop Fixing Slings, suitable for coat hanger hoists, offer flexibility with colour-coded loops for precise positioning and Silva-Safety Slots® for enhanced safety and reduced bulk.

Our Clip Fixing Slings are compatible with various hoist models, featuring a safety "Click-on Click-off" mechanism for secure attachment and durable internal parts.

Additionally, our Bariatric Slings, part of the Silvalea Bariatric Product Range, have been designed to address challenges and offer options in all aspects of care and have been carefully selected to offer a full transfer solution to healthcare professionals.
